Sage Learning Resources Sample Course Mapping for University of Georgia

Our Engagement team has pulled together a selection of content from across our Sage Learning Resources portfolio mapped to **INTL 4425R: Advanced Research in International Security Policy** at University of Georgia. While this mapping is not exhaustive, it is meant to provide examples of content available through the University Libraries.

This mapping highlights content from [Sage Research Methods](#), [Sage Reference & Academic Books](#), [Sage Business Skills](#), and [Sage Business Cases](#).

Support Resources

Sage Learning Resources Support for GALILEO

This site has been created to provide support resources for three collections acquired by GALILEO: Sage Business Cases, Sage Research Methods Business, and Sage Research Methods Foundations. Please click into the below icons to access and learn more about these collections. You will also find an introduction to the Sage Engagement team and contact details for your dedicated Engagement partners. Please feel free to contact us with any questions!
