"Revive and Thrive"

When we think of CPR, we of course think F2F.

With **C**ollaboration, **P**rogramming and **R**apport, Gwinnett Tech Library built a tradition of successful in-person programming on campus. Expanding into virtual programming in 2020 & 2021 provided opportunities for library staff to build on existing "CPR" skills to maintain strong student engagement using a wide variety of GALILEO resources.

Join GTC Library Staff as we demonstrate how **virtual CPR** has helped GTC Revive and Thrive!
